

Queens Law Library Feedback:

I have consulted with Kelly from the Queens Law Library 11 JD. I asked her about getting the 1st edition, of Harris 6th edition New York estates. Probate, administration, and litigation. She checked the stacks and found only the third edition, World-cat has only up to the second edition. She finally said she doesn't know where this edition could be found.

It should be noted I have reached out to numerous reputable rare book dealers from <https://www.abaa.org/booksellers/results> that specialize in law books. They have checked their catalogs and exhausted sources like World-cat and Add all, but they haven't found anything.
